

PATENT  
32860-000182

IN THE U.S. PATENT AND TRADEMARK OFFICE

Applicants: Michael BACH; Detlev SCHMIDT; Michael SEBEKOW; Guenter SEIDLER-STAHLE; and Sezai TUERKMEN

Int'l Application: PCT/DE00/01304

Application No.: NEW

Filed: October 23, 2001

For: SWITCHING GAS DAMPER FOR LOW VOLTAGE POWER CIRCUIT BREAKERS

**PRELIMINARY AMENDMENT**

Assistant Commissioner for Patents  
Washington, DC 20231

October 23, 2001

Sir:

The following preliminary amendments and remarks are respectfully submitted in connection with the above-identified application.

**IN THE ABSTRACT**

Please replace the Abstract with the attached revised Abstract.

**IN THE CLAIMS**

Please replace the original claims with the following new claims:

1. (Amended) A switching gas damper for low-voltage power circuit breakers, arranged as an attachment above the arcing chambers for at least one of additional damping, deionization and cooling of the switching gases, the attachment, comprising:

a cuboid enclosure with a front wall, a rear wall and a cover, wherein the cover is designed to be closed and a bottom including separate inlet openings is provided for receiving switching gas flows from each arcing chamber in the low-voltage power circuit
